 ... of the ...

The first application of Mexican Mustang Liniment relieves the pain but it continues to work until every quivering nerve is soothed and quieted.

The great penetrating power of this liniment enables it to do this quickly and positively.

In all cases of Sprains, Bruises or Lacerations, Mexican Mustang Liniment should be rubbed in persistently.

The wonderful quality of this liniment, the marvelous remedy makes it safe and sane.

Many people devote their time to looking for crooked and not so slightly true, while the truest and most beautiful systematic laws just set out with the best character - the American - are looked for instead of the good train and shining virtues.

The world would be happier if the people with a little more courtesy with their profits. There is no such quality, but a word of just appreciation would cheer the heart and strengthen the hands of many a discouraged worker in the house, in the school, in the church and in the world.

What have the women contributed toward the upbuilding of our city? Many things, more than can be enumerated in the brief space at command. There was a time in the history of the world, way back in Noah's day, when women were hailed upon with something of disparage. That was an arbitrary view. Today the situation is widely different and instead of women being inferior to men, she has proved herself to be the equal, if not the superior, in many of the virtues that make for good citizenship.

Recent money has been figured away in the past, with nothing to show for it now, to have built such a mansion as the great state of Alabama should have for its chief executive. Let the incoming legislators stand for this suggestion by leading an appropriation for this purpose.

The governor of a great and prosperous state like Alabama, should not be forced to live in a hired house any longer. We are amply able to build a mansion in keeping with the dignity of the high office and it should be done without unnecessary delay.

The rental office is one of the biggest money handling branches of the government. Since the civil war it has paid out about \$1,000,000,000 in pensions. More than 3,000,000 applications have been filed, and upward of 5,000,000 of these have been allowed. There are now about 500,000 pensioners carried on the rolls.

Applications are still coming in at the rate of some 40,000 a year, and are being allowed at the rate of 40,000 a year. It has already paid out more than fifty times as much for pensions as was done in the civil war as was said not an expense of the revolutionary war.

This pension list on account of disability is so much like thirty thousand men as that of all other disabled men together.

AMERICAN FENCE

Good Fences are a farm investment that bring the most returns for the least money

ARE you being "mowed"? If you had a hole in your pocket, out of which you were losing five or ten dollars, would you wear it up? The one in your back is a fence around the farm is as much a necessity as a shirt.

It is not only a necessity, but a profitable one. It saves you from the expense of buying new land, and it saves you from the expense of buying new stock. It saves you from the expense of buying new stock.

AMERICAN FENCE is the only fence that is made of wire and is strong and durable. It is made of the best material and is made in the United States.

VELVO LAXATIVE LIVER SYRUP

After The Grippe

"I am much pleased, to be able to write and thank you for what Capital has done for me," writes Mrs. Sarah J. Gilliland, of New York, N. Y.

"Last February I had the Grippe, which left me in bed three weeks. Before that I had been bothered with constipation for six years, and nothing seemed to cure it. As last, I began to take Capital. I have taken only three bottles, but it has done me more good than all the doctors or any other medicine I ever had."

Take CARDUI

The Woman's Tonic

For the after-effects of any serious illness, like the Grippe, Cardui is the best tonic. It can be used at all times, it builds strength, stimulates the nerves, improves the appetite, regulates irregularities and helps bring back the natural glow of health.

Cardui is your best friend, if you only know it. Think of the thousands of ladies whom Cardui has helped! What could possibly prevent it from helping you? Remember you cannot get the benefit of the Cardui ingredients in any other medicine, for there are no other pills on any drug store except the Cardui brand.

Mr. Baker:

I have just finished harvesting and turning out the hogs for next season's work.

We are making more hog and hams this year than ever before. This is an encouraging business for farming in this part of the country, and we hope soon to see other farmers making a specialty of the hog crop.

Thank you a great deal for the issue of *Our Country* a few days ago. It was a pleasant surprise.

I have made five crops on the N. A. Road since this year. I made some better crops on 14 acres of land, 200 barrels corn in 12 rows, and other stuff in proportion.

A Good Position

Christians by a multitude of great men and ladies in the field of "wireless" or "radio" telephony. Since the power law became effective, and since the wireless companies are established in various parts of the country there is a great shortage of telegraphers. Positions pay anywhere from \$70 to \$100 per month, with good chances of advancement. The National Telegraph Institute operates six of the best institutes in America, under expert instruction of trained and wireless officials and places all graduates into positions. It will pay you to write them for full details at Memphis, Tenn., or Columbia, S. C.
